

FINANCIAL STEWARDSHIP WORKSHOPS with Ron Chewing of Stewardship Advisors, Inc.

“Following God’s Financial Counsel”

This session will help us see how our faith influences how we handle money, and we will also see that how we handle money influences our faith. Churches are to be encouraged to see opportunities to share God’s financial counsel so their members will become God-pleasing stewards of the money that God entrusts to them. Money is a gift from God, and, by God’s grace, we can use it in ways that give Him honor and praise.

“Changing the Giving Culture in your Church: Helping Members Excel in Financial Stewardship”

This session will encourage and energize pastors and lay leaders to create stewardship cultures that help God’s people grow in their faith, compelling and enabling their members to give generously.

No cost to attend
Supper included
