

Live Streaming with YouTube (On Your Computer using a Webcam)

Activate YouTube Live Stream

1. Login to YouTube with Church Account
2. Click on profile in upper right corner
3. Click on YouTube Studio
4. At the top right click the "Create button"
5. Select "go live"
6. NOTE: It can take up to 24 hours for your live stream account to be activated!
7. Now watch this video

<https://www.youtube.com/watch?v=Xka40LgzW9Q>

Streaming Software Options (Set Up Before Continuing)

1. [OBS Studio](#)
2. [StreamLab OBS](#)

Start Recording

1. Create button
2. "Go Live"
3. It will ask you to have access to video & microphone — ignore
4. Click on Stream button & fill in the following information
 - a. Click "schedule now" so it posts at a specific time/leave it off so it streams at the time of recording
 - b. Title your video
 - c. Set on "Public"
 - d. Fill in the rest of the details in the sheet
5. Create Stream
6. Copy stream key into your streaming software — while there, make sure video & microphone are set up
7. Click "done" in YouTube
8. Click "low Legacy" in YouTube
9. Click "go live" on your stream software — doesn't mean you're live in YouTube — it just gives you a preview in YouTube
10. Click "Go Live" in YouTube
11. Create your video
12. Click "End Stream"

Post It So Others Can See Later

1. Click on your profile in upper right corner
2. Click "YouTube Studio"
3. Click on "Videos" on the left
4. Click on the "Live" tab
5. Publish the video to YouTube
6. Copy the link and share it in an email, on Facebook, put it on your website, etc.

Live Streaming With Facebook

Detailed Explanation - <https://www.youtube.com/watch?v=Um015PT5LMg>

On Your Computer

1. Go to your congregation's Facebook page
2. In the post, select the button "go live"
3. Title it & adjust any necessary settings
4. Click "Go Live" and then you will be live 3 seconds later
5. You can also copy the Facebook post's link & share it on your website & in an email.

On Your Phone

1. Put your phone in airplane mode so you won't get phone calls ending the stream
2. Leave Wi-Fi on
3. Go to your congregation's Facebook page
4. In the post, select the button "go live"
5. Title it & adjust any necessary settings
6. Click "Go Live" and then you will be live 3 seconds later
7. You can also copy the Facebook post's link & share it on your website & in an email.

Record & Then Post Your Video On YouTube Later (Not A Live Stream)

Detailed Explanation - <https://www.youtube.com/watch?v=VtF2AgFSLAw>

1. Record your video
2. Login to your church's YouTube Account
3. Click the button that looks like a video camera on the top right corner
4. Select "upload video"
5. Select your video file
6. Title your video, add description, add other details, etc.
7. Select a thumbnail (which picture looks best for the cover of the video that people see when they search for it)
8. Click "done"
9. Copy the link and share it in an email, on Facebook, put it on your website, etc.
