- Remanufactured For”, refilled cartridges, “Compatible With” **are not** accepted for recycling. Send only the virgin cartridges. Sometimes this is challenging since it is not always apparent if a cartridge has been remanufactured or refilled. You can look on the box to see if it notes that it is remanufactured. Also, some companies like Office Depot, Staples, Cartridge World, Walgreen’s, etc., remanufacture and/or refill cartridges. So, if that is noted somewhere on the cartridge, it is not accepted for recycling.
- When you have collected at least eight cartridges, contact me for a pre-paid shipping label.
- Please only send those inkjet cartridges that are on this Accepted List. **Thank you** for all your efforts and sharing this info with others in our recycling efforts. *Marguerite Christman, MLC Enterprises*
